

Department of AIDS

About the Department

The Department of Artificial Intelligence & Data Science (AI&DS), a beacon of innovation and excellence since its inception in 2022. Accredited by the All India Council for Technical Education (AICTE), AI&DS four-year undergraduate program is meticulously designed to catapult you into the forefront of AI and Data Science.

Key Features

- **Hands-On Learning:** Emphasis on practical, hands-on experience alongside theoretical knowledge.
- **Activity-Based Learning (ABL):** The curriculum is designed to encourage active, experiential learning.
- **Cutting-Edge Curriculum:** Our curriculum is constantly updated to include the latest trends and technologies in AI and Data Science.
- **Research Opportunities:** Students are encouraged to engage in research projects under the guidance of our faculty.
- **Industry Collaboration:** Strong ties with the industry to provide internships, workshops, and guest lectures.

Vision

- To become an integrative department through creativity and innovation in developing systems with Artificial Intelligence and Data Science to serve society.

Mission

- Engage collaborative activities with the industry to produce industry-ready and future-ready talent.
- Foster the spirit of lifelong learning in students through practical and social exposure beyond the classroom.
- Provide multi-disciplinary research and innovation driven academic environments.
- Practice and instill the highest standards of professional ethics, transparency and accountability at all levels.

Department of CSBS

About the Department

The Computer Science and Business Systems department was established, during the Academic Year 2023-2024, with an intake of 30 students. Department

Objective : We, Department of CSBS aspire to establish a system of Quality Assurance, which would on a continuous basis, evaluate and monitor the quality of education and training imparted

at the Institute; improve the teaching-learning process and ultimately, develop the Department of Computer Science and Business Systems as a Centre of Excellence.

Vision

- To build competent, Industry-ready professionals to largely contribute to society, by imparting knowledge in the domain of Computer Science and Business Systems.

Mission

- Facilitate the department with world-class computing infrastructure and modern teaching methodologies to produce highly proficient and globally competent Computer Science and Business Systems professionals.
- Motivate the students and faculties in research and innovation and foster critical thinking with the moral values in the recent technologies of Computer Science and Business Systems.
- Equip the students with the latest technologies to become ethically sound Computer Science and Business Systems professionals and entrepreneurs.

Department of IT

About the Department

- The Information Technology department was established, during the Academic Year 2023-2024, with an intake of 60 students. Department Objective : We, Department of IT aspire to establish a system of Quality Assurance, which would on a continuous basis, evaluate and monitor the quality of education and training imparted at the Institute; improve the teaching-learning process and ultimately, develop the Department of Information Technology as a Centre of Excellence.

Vision

- To provide reliable and modern technology resources to the faculty and students to develop the competence in Information Technology and to endure with the rapidly changing world to serve the mankind.

Mission

- Imparting technical knowledge through innovative teaching and research for budding professionals.
- To equip the students with strong fundamentals, programming and problem solving skills with an exposure to emerging technologies and inculcate leadership qualities with a passion to serve society.

- To promote research-based projects / activities in the emerging areas of technology.
