NSS ACTIVITIES REPORT

Name of the Activity	One day camp-Lake Cleaning
Date and Time	01/04/2023 & 09:00 am to 11:00 am
Organizing unit/ collaborating agency	National Service Scheme
Venue	Mannivakkam
Details of Participants	30 students
Report of the Activity	The NSS unit of PERI Institute of Technology Chennai organized a one day camp- Lake Cleaning, on 1st April 2023 at Mannivakkam village. Thirty Student volunteers had participated in this cleaning activity with a view to make the place clean. Periodic lake cleaning is important to maintain a healthy marine life. Lakes are important to save water and to increase the ground water level. It is important to save the natural life. The wastes from land can accumulate in the lakes during rain. Hence it should be cleaned yearly. It also improves the vegetation around the lake. The students have cleaned the pathways. They have also cleaned the waste plants, garbage and plastics around the lake. All the students have actively involved in the lake cleaning.
Outcome of the Event	Students knew the importance of cleaning the water bodies to protect our environment.

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	Blood Donation Camp
Date and Time	14/03/2023 & 10:00 am to 02:00 pm
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	PERI Institute of Technology
Details of Participants	250 students and 10 Faculties
Report of the Activity	PERI Institute of technology took great pleasure in organizing such a wonderful YRC Blood Donation Camp in our premises on 14/03/2022. The Principal welcomed the gathering. The event started at 10.30 a.m. It was first addressed by the Principal with a thoughtful speech about blood donation. It's incredible how such a small percentage of people can make such a significant impact on the lives of others. Encouraging more people to donate blood could save countless lives. Awareness campaigns and educational initiatives can help people understand the importance of donating blood regularly. It's not just a one-time act; it's an ongoing commitment to supporting those in need within our communities. The students and the faculty members donated the blood. The Principal thanked the Management for giving this opportunity. He thanked all the donors for their selfless action to donate blood.
Outcome of the Event	Students knew the importance of Donating Blood

Name of the Activity	Beach Cleaning Campaign
Date and Time	25/02/2023 & 09:00 am to 01:00 pm
Organizing unit/ collaborating agency	National Service Scheme
Venue	Mannivakkam
Details of Participants	30 students
Report of the Activity	The NSS unit of PERI Institute of Technology Chennai organized Beach Cleaning campaign, on 25th February 2023 at Marina Beach. The Student volunteers had participated in this cleaning activity with a view to make the beach clean. The students are divided into different groups and place to clean the beach. They have cleaned the solid wastes, plastics which are thrown by the visitors in the seashore. They have talked with the visitors about the importance of keeping the beach and its surroundings clean and tidy. Sea is very important to save water and to increase the ground water level. It is also important to save the marine life. Due to pollution in the seashore, the wastes can be moved through the waves into the sea and it affects sea animals. It is our responsibility to save marine life and natural resources. The students have cleaned all types of wastes from the seashore. The campaign was massive success and the students have learnt the leadership skills and student's

	contribution to the society All the students have involved in the cleaning activity.
Outcome of the Event	Students knew the importance of cleaning the water bodies to protect the marine life.

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	First aid Orientation program
Date and Time	04/01/2023 & 10:00 am to 03:40 pm
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	PERI Institute of Technology
Details of Participants	300 students and 10 Faculties
Report of the Activity	The orientation program for the Youth Red Cross was held on 04-01-2023 at the conference hall in the college campus. The chief guest Mr Manickam was formally welcomed by the program officer. The dignitaries present on the occasion were Dr.Palson Kennedy, Principal of PERIIT and Mr.Magesh, the Vice Principal of PERIIT. The orientation began with the Tamizh thaai vaazhthu and the program was started with lighting kuthuvilakku. The event was followed with an informational speech by our Principal about the Youth Red Cross and continued by our Vice Principal. As a token of gratitude the chief guest Mr Manickam was respected with the memento and the shawl. Then he delivered his presidential remarks and highly appreciated the efforts taken by our YRC members in the society and also expressed his best wishes to the association and co-ordinators for the event. He explained importance of first aid, and how to save the victims. He has

	also explained how to do first aid for the victims through his demo session. He invited the student volunteers and displayed the demo. The program came to end with the YRC member pledge followed with a vote of thanks. Finally as a patriotic Indian, we all stood united for the national anthem, the program winds up with a great success.
Outcome of the Event	Students knew the importance of First Aid

NSS ACTIVITIES REPORT

Name of the Activity	World AIDS Campaign
Date and Time	01/12/2022 & 10:00 am to 03:00 pm
Organizing unit/ collaborating agency	National Service Scheme
Venue	Marina Beach
Details of Participants	40 students
Report of the Activity	The National Service Scheme of PERI Institute of Technology (NSS-PERIIT) has planned to organize a Campaign on World Aids Day on 1st January 2022. World Aids Day observed annually on December 1st, is dedicated to raise awareness to the Aids pandemic caused by the spread of HIV infection. Awareness Programme with the theme "Closing the gap in HIV prevention and treatment". To mark the event, the students displayed posters on AIDS awareness at the places and performed role play on AIDS to make public awareness regarding the prevention of the disease. The volunteers reached the Marina Beach around 10.00 am. Along with the NSS Co-ordinator. They started the campaign in the beach to give awareness to the people. They uttered slogans about AIDS awareness and they showed posters to the people. They spread the awareness about the disease, prevention and treatments and care around the world. They also instructed the people on how to handle them and how to

	carry them in their life. We should not avoid them. We should take good care of them. Now-a-days new medicines are available in the market. They reduce the amount of virus in the blood and increase the way to stay healthy. The students have actively participated in the campaign.
Outcome of the Event	Students gave awareness about AIDS and its effects and how to stop it.

NSS ACTIVITIES REPORT

Name of the Activity	One Day Socio Economic Survey Camp
Date and Time	12/10/2022 & 09:00 am to 04:00 pm
Organizing unit/ collaborating agency	National Social Service
Venue	Adhanur
Details of Participants	35 students
Report of the Activity	The NSS unit of PERI Institute of Technology Chennai organized a Socio Economic survey camp, on 12th Oct. 2022 at Aadhanur village. 40 Student volunteers were involved in this activity. The main motive of this survey camp is to collect data on availability of various infrastructure facilities like education, health monitoring, cultural activities and facilities for disabled person in the selected villages. After the survey the NSS volunteers came to know about the Latest development in agriculture, water facility, waste management, waste land development, nutrition and personal hygiene. This help the student volunteers to increase their analytical ability and deepen their thinking and also help them to categorize the problems which have been left unnoticed. Door to Door visit: NSS-PERIIT organized with the help of rural development Government of Tamil Nadu. The main aim of

our program was to make these villages free from open defecation, to spread awareness about proper sanitation and waste management schemes. Around 40 student's volunteers were involved in this activity.

During the survey the NSS volunteers came to know the availability of basic toilet facilities in the houses of the villagers. This was very helpful to know the count of villagers who were involved in open defecation. By this survey the volunteers came to know about waste disposal and drainage facilities available for the villagers.

They gave them information about the diseases caused by open defecation. Villagers gave us a very good response. After that, we gathered all the villagers in one place and spoke about how to dispose the waste in a proper manner. The volunteers also came to know about their economic status and concluded that most of the villagers were poor to reconstruct their damaged toilets which were earlier allotted by the government, and few were still good.

Awareness on Solid Waste Management System:

During the event the district social motivator along with our NSS volunteers addressed the people about the importance and necessity of Solid Waste Management System.

The problems caused by the solid waste, the goal of Solid waste management system, best practices to manage the solid waste, the types of solid waste management system and the steps involved in solid waste management systems were

	defecation, to spread awareness about proper sanitation and waste management schemes. Around 40 student's volunteers were involved in this activity. During the survey the NSS volunteers came to know the availability of basic toilet facilities in the houses of the villagers. This was very helpful to know the count of villagers who were involved in open defecation. By this survey the volunteers came to know about waste disposal and drainage facilities available for the villagers.
Outcome of the Event	Students gave awareness about health and education to the village people.

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	Drug Awareness Program
Date and Time	03/10/2022 & 11:00 am to 12:00 pm.
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	PERI Institute of Technology
Details of Participants	500 students and 24 faculties.
Report of the Activity	In order to observe the drug abuse day YRC jointly with NSS organized an awareness programme on “Impact of Drug”. More than 500 take pledge against drugs. Our college drivers participated in it and remained benefitted from the programme. It's evident that addressing drug abuse among youth is a significant concern in India, with the alarming rate of daily suicides linked to drug abuse. The efforts highlighted, such as the National Youth Anti-Drug Media Campaign and National-level Anti-Drug Policies, reflect a proactive approach by the Indian government to combat this issue. Utilizing various media platforms like TV, radio, posters, pamphlets, and movie advertisements to disseminate prevention messages is a crucial strategy. The report indicating that exposure to such messages correlates with reduced drug abuse among youth underscores the effectiveness of these campaigns. The emphasis on engaging youth themselves in spreading anti-drug messages through events and campaigns is notable. Empowering young people to take an active role in promoting healthy lifestyles and preventing drug abuse aligns with the principal's view that youth are the nation's largest force and should be directed positively. Overall, while the challenge of combating drug abuse among youth remains significant, the concerted efforts outlined demonstrate a commitment to proactive prevention and intervention strategies.
Outcome of the Event	Students got awareness about drugs and its harmful effects and how to overcome from drugs.

NSS ACTIVITIES REPORT

Name of the Activity	Blood Donation Camp
Date and Time	22/09/2022 & 09:00 am to 04:00 pm .
Organizing unit/ collaborating agency	National Service Scheme
Venue	PERIIT Campus
Details of Participants	50 students
Report of the Activity	The National Service Scheme of PERI Institute of Technology (NSS-PERIIT), in hands with Govt Hospital, Nandhivaram, Chennai organized a one-day blood donation camp for the of students of PERI Institute of Technology. Activity/Event objectives: 1. To collect blood units but also to make students aware about blood and its benefits. 2. It was an effort to motivate students to come forward and donate for this noble cause. 3. First time donors need to be encouraged so that once the initial hesitation/ fear goes away, the donor will look forward to such camps in near future too. 4. To help anyone, in case of any requirement for blood Blood cannot be manufactured it only comes from generous donors to save the society and mankind, we should come forward for this Noble cause. 50 units of blood were donated by both students and the staff members of our PERI Institute

	of Technology. India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing first time donors at the camp our NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it.
Outcome of the Event	Students got awareness about the importance of donating blood

The Principal Address the gathering in Blood Donation Camp on 22/09/2022

Name of the Activity	Survey Camp
Date and Time	03/09/2022 & 09:00 am to 04:00 pm
Organizing unit/ collaborating agency	National Service Scheme
Venue	Padappai
Details of Participants	30 students
Report of the Activity	The NSS unit of PERI Institute of Technology Chennai organized a survey camp, on 3rd September, 2022 at Padappai village. 30 Student volunteers were involved in this activity. The main motive of this survey camp is to collect data on availability of various infrastructure facilities like education, health monitoring, cultural activities and facilities for disabled person in the selected villages. The students have emphasized on women and youth by promoting Self Help Groups and their federations to mobilize the community cooperation, solidarity and build financial powers at workers. Secondly by preparing communities to face the challenges of frequent disasters, and by promoting social security measures. They try to reduce their socio economic vulnerability and ensure security of lives as well as the income earning assets. Indirectly it has tried to build the rural livelihoods in a manner that the rural population will be less vulnerable to disasters and become economically stronger

	that they need not to migrate to urban centers thereby reducing the scope for urban problem as well as problems at source. They have promoted health awareness among the old people, workers and the school students, especially among women. They have taught leadership skills for the school students.
Outcome of the Event	Students did survey and gave awareness about health and education to the village people.

Organizing unit/ collaborating agency	National Service Scheme
Venue	Government HSS, Mannivakkam
Details of Participants	50 students
Report of the Activity	The NSS Unit of PERI Institute of Technology has organized a one day cleanliness drive in the Government School, Mannivakkam on 11th August, 2022. The volunteers reached the school at 9.a.m. and they met the Principal of the School and started cleaning the school campus. NSS volunteers took efforts in cleaning up the school surroundings. Their enthusiasm and dedication to collecting various types of waste, from plastic to dry leaves, demonstrate a strong commitment to environmental stewardship. Such initiatives not only contribute to a cleaner environment but also inspire and motivate others to take similar actions. It's heartening to know that the NSS team members found the cleaning drive inspiring and motivating – positive reinforcement like this can encourage continued participation and even spur further initiatives in the future.

	The NSS Team regularly conducts this kind of cleanliness drive in various schools to motivate the students and inculcate the purpose of serving the society.
Outcome of the Event	Students knew about the purpose of cleanliness drive

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	No Plastic Awareness Program
Date and Time	21/02/2022 & 12:30 am to 4:00 pm.
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	In and Around PERI Institute of Technology
Details of Participants	70 students
Report of the Activity	PERIIT Youth Red Cross (YRC) Club organized School Awareness Programme on "NO PLASTIC" on 21/02/2022 at 12.30 A.M to 4.00 P.M. The volume of plastic produced in the world has increased significantly. An increasing amount of plastic litter ends up in terrestrial and aquatic eco system. Plastic litter is hazardous to the terrestrial and marine environment because plastics are durable, buoyant, waterproof, indigestible and non-biodegradable. Plastic debris injures and kills fish, seabirds and marine mammals. Pollution due to single use of plastic items has become an important environmental challenge confronting all countries. In particular, the plastic carry bags are the biggest contributors of littered waste and every year, millions of plastic bags end up into the environment via soil, water bodies, water courses, etc. and it takes an average of one thousand years to decompose completely. In this regard an awareness program on "NO PLASTIC" was organized by Youth Red Cross (YRC) Club

	Co-ordinators and the students of PERIIT actively participated in the event. The program was arranged at the Government Girls Higher Secondary School, Padappai, Tambaram, Chennai, Tamilnadu. The aim of the program was to make the community aware and to make clean, green and pollution free planet. Types of plastic pollution created by human beings have been discussed. The possible changes can be incorporated by every individual into our daily lives that will make a remarkable impact on our environment. Finally our YRC President Mr. Barathwaj, President, Final Year ECE honored students efforts and the event ended with students enthusiasm and happiness.
Outcome of the Event	Awareness about Plastics and its Effects for students

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	Social Awareness programme
Date and Time	20/02/2020 & 10:00 am to 12:30 pm.
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	Government School, Padappai
Details of Participants	50 students
Report of the Activity	Social awareness programme was organized by the "YOUTH RED CROSS of PERI institute of technology at the school auditorium. The school provided us with all the proper arrangements. A number of 50 volunteers along with the co ordinators were divided into 5 teams and explaining the students about the current social issues. The session was ended up with a small oath taken by the students. Usage of Electronic Gadgets Mobile phones, internet, social networking sites, and texting have changed the way we see the world. People who excessively use electronic gadgets develop musculoskeletal disorders. Self-Respect Self-respect is an important part of your identity because it reflects how you view yourself, which in turn impacts every area of your life, including your relationships, work, and social life. Women's safety Women and girls experience and fear different forms of harassments in public spaces. It happens on streets, in and around public transportation, schools, workplaces etc., This reality reduces women's and girls' freedom of movement. It reduces their ability to participate in school, work, and public life. Personal hygiene Practicing good personal hygiene is important for helping

	keep the body healthy and clean. In people with poor personal hygiene, the body provides an ideal environment for germs to grow, leaving it vulnerable to infection. On a social level, people may avoid a person with poor personal hygiene, which may result in isolation and loneliness. Road Safety There is an increasing trend of unsafe driving that leads to vehicle accidents in which many people die, undergo serious injuries or lose their body parts permanently. Many of these accidents occur due to poor driving skills, non-adherence to road safety precautions, lack of awareness and violation of traffic rules. Food Habits. The term eating habits (or food habits) refers to why and how people eat, which foods they eat, and with whom they eat, as well as the ways people obtain, store, use, and discard food. Individual, social, cultural, religious, economic, environmental, and political factors all influence people's eating habits. Respecting Elders. From a young age, our elders work tirelessly to give us the best life filled with opportunities, comfort and pleasure. As they age, it is imperative that we return the love and care for them that they have given us over the years. Even though the generation gap and digital age have made everyone much busier, we should always remember where we came from.
Outcome of the Event	Students got awareness about YRC and its service to the society

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	Special Camp at Salavakkam Village
Date and Time	23/12/2019 to 29/12/2019 & 09:00 am to 03:40 pm
Organizing unit/ collaborating agency	Youth Red Cross, Kalyani Speciality Clinic and Agarwal eye hospital
Venue	Salavakkam
Details of Participants	52 students
Report of the Activity	Under the guidance of YRC unit chairman Dr.Palson Kennedy and program officer Mr. D. Prabhakaran, the YRC unit students of PERI Institute of Technology adopted Salavakkam village, Uthiramerur Taluk, Kancheepuram district, Tamilnadu, India for 7 days YRC camp program. The program was scheduled between 23.12.2019 to 29.12.2019 with 52 energetic YRC participants. DAY 1 The camp started with the identification of problems in the adopted village from the President. YRC-PERIFT and Kalyani Speciality Clinic, Vadapalani organized the free general medical camp. Special treatment done by the doctors for the better health of the old age people. The major problem faced by them is improper open water bodies, improper garbage disposal in households, lack of plastic disposal awareness, and unrepaired roads. The students have done cleaning and repairing of halt place.

DAY 2

The camp focused mainly on general medical check-up and eye check-up which is known as basic need for the rural people. Similarly, a free eye check-up camp was done by Agarwal eye hospital, Tambaram. The attended people were satisfied with the service provided by us.

DAY 3

The main problems faced by the villagers were improper disposal of household and domestic wastages which are directly disposed to public premises and nearby open water sources. We planned a detailed schedule to remove the vast garbage which was irregularly dumped. The unrecyclable wastes are burnt and used in other ways as source

The unrecyclable wastes are burnt and used in other ways as source.

Prosopis juliflora tree which is know to absorb underground water and moisture from the air, are removed and used for various aspects.

DAY 4

Water scarcity has been the main problem in last decades, so we took steps to clean the open water bodies. Mainly concentrated on ponds and streams of water, we had put our hands together to remove the weeds over the water and maintain a healthy ecosystem. Mainly the over flow of garbage waste over the water are cleaned and disposed properly. Over the village we observed the water and done the work to safe guard and clean them.

DAY 5

Wide varieties of plant and tree saplings are distributed and planted over the surroundings. Due to lack of afforestation and usage of fire wood decreased the count of trees over there. The saplings of neem and other herbal are freely distributed among the villagers and few are planted near the slopes of the village to avoid soil erosion. Villagers grounded the saplings and started the work to maintain its growth.

DAY 6

Due to lack of awareness of govt. schemes and job opportunities many people are unemployed and lack of health awareness. We had organized a rally to create awareness and make people understand the need and importance of various aspects. Locality people also supported us by spending their valuable time to listen regarding the rally. Various awareness programmes like hazardous impact of dengue and its breeding, govt. schemes like DDU GKY, PMKY etc., were conducted.

DAY 7

Plastics are been a challenge to us in disposal and recycling. Due to poor facilities of disposal they dumped them on the roads and few buried them in grounds. We took a step to segregate this type of waste and spread awareness not to burn them in open space. The camp could manage to overcome the problems at the village.

The major problems of water and pollution are controlled to a extent and made an practice to them

	School and middle age children's are given a practice of sports along with their academics. Control of school drop outs is seen. The villagers are satisfied with the service provided to them. The camp concluded with the overall insurance of the program done in the adopted region.
Outcome of the Event	Students become confident, develop leadership skills, and learn about different people from different walks of life.

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	Swachh Bharat Mission-Self Employability programme and Blood Camp
Date and Time	08/08/2019 & 10:00 am to 03:30 pm
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	PERI Institute of Technology
Details of Participants	53 students
Report of the Activity	The Swachh Bharat Mission Self Employability programme began with Thamizh Thai Vazhthu followed by lighting of kuthu vilaku. The event was followed with the informational speech by our Principal. Dr Palson Kennedy, continued by our Vice Principal. Self-employment offers individuals the freedom to pursue their passions and manage their own schedules. It's a path chosen by many who value autonomy and want to directly reap the rewards of their hard work. However, navigating the complexities of taxes and financial planning is crucial for self-employed individuals. They often have to handle taxes differently, including paying self-employment taxes and managing their own benefits like health insurance and retirement savings. Seeking guidance from financial advisors or accountants can be beneficial to ensure compliance and optimize financial strategies. The students donated blood in the blood camp. The principal thanked all the volunteers for their great support. The programme ended at 03.30 p.m.
Outcome of the Event	Students got awareness about Self employability and Blood Donation.

Date and Time	05/06/2019 & 09:00 am to 12:00 pm
Organizing unit/ collaborating agency	National Service Scheme
Venue	Peri Institute of Technology
Details of Participants	35 students
Report of the Activity	PERI Institute of Technology has organized World Environment Day on 06th June, 2023 during which trees were planted in the college premises. The event was started by 10.00 a.m. It was big day for world environment day. It is celebrated all over the world to protect the environment. NSS Volunteers were present on the occasion and they planted numerous trees inside the college campus in order to maintain clean, green and eco-friendly environment. Now –a-days our environment gets polluted, forests are destroyed, farm land are becoming apartments. It is a great threat to the environment. It is the duty of the students to save the environment. The Heads of Department, Staff members and Students have actively participated and planted saplings in our college campus. The students understood the importance of tree plantation and the responsibility to save our world.
Outcome of the Event	Students knew the importance of planting saplings and clean environment.

Name of the Activity	Tree Plantation Drive
Date and Time	26/02/2019 & 10:00 am to 12:30 pm
Organizing unit/ collaborating agency	National Service Scheme
Venue	Peri Institute of Technology
Details of Participants	35 students
Report of the Activity	A tree plantation drive was organized in our college from time to time. One such drive was held on 26th February, 2019 during which trees were planted in the college premises. The event was started by 10.00 a.m. NSS Volunteers were present on the occasion and they planted numerous trees inside the college campus in order to maintain clean, green and eco-friendly environment. It also creates environmental responsibility among the students. The Heads of Department, Staff members and Students have actively participated and planted saplings in our college campus. Planting saplings promotes fresh air circulation and it leads to concentration. The students understood the importance of tree plantation and they are motivated to participate in these kinds of social activities every year.
Outcome of the Event	Students knew the importance of planting saplings

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	Swachh Bharat Mission
Date and Time	26/01/2019 & 10:00 pm to 12:30 pm.
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	Madambakkam, Guduvanchery
Details of Participants	45 students
Report of the Activity	PERI Institute of Technology, YRC Cell organized Republic day celebration and with it engaged in "Swachh Bharath Mission" near Madambakkam, Guduvanchery thereafter on 26th January, 2022 with 45 volunteers. On the auspicious morning of 26th January 2019 our college celebrated Republic Day in the college premises. It was the matter of great pride for all of us. The ceremony took place in the presence of Dr. R. Palson Kennedy, Principal, PERIIT and HoDs of various departments, faculty, staff members and students. The ceremony commenced with the unfurling of the National Flag by our Principal. This was accompanied by the rendition of Flag song led by the college's students, staff. After flag song Principal addressed the gathering. The students brought the stage alive with their passion and love of the motherland through their speech. The ceremony ended with national anthem. After the Republic day celebration the YRC students headed towards Madambakkam, Guduvancherry and conducted cleanliness drive for creating awareness among the public. The YRC volunteers actively participated in creating awareness by taking door to door campaign to the public, informing them about the importance of cleanliness. The students took the initiative to clean the -- surrounding of vicinity.
Outcome of the Event	Students got awareness about YRC and its service to the society

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	Eye Camp
Date and Time	29/11/2018 & 10:00 am to 03:10 pm.
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	PERI Institute of Technology
Details of Participants	100 students
Report of the Activity	YRC of PERI Institute of Technology organized one day Eye camp on 29th November 2018 in PERI campus. The event started at 10.00 A.M. with welcoming address by the Principal Dr.R.Palson Kennedy who has delivered a great speech about the importance of donating the eyes. This was followed by small information about Youth Red Cross by the PERIIT student campaigners. Tireless hard work of staff coordinators and volunteers made the Eye camp a success. The camp was successfully completed by 3.10 PM. Absolutely, promoting eye donation is indeed a noble idea that can significantly impact the lives of those in need. Eyesight is a precious gift, and the opportunity to restore vision through corneal transplantation can make a profound

	difference in someone's quality of life. In India, where millions suffer from corneal blindness, the importance of eye donation programs cannot be overstated. By donating their eyes after death, individuals can provide the gift of sight to those who would otherwise be unable to experience the world around them fully. Raising awareness about the need for eye donation and encouraging people to pledge their eyes can help address the gap between demand and supply for corneal transplants. Education campaigns, community outreach efforts, and collaboration with healthcare providers can all play vital roles in promoting eye donation and increasing the availability of corneal tissue for transplantation.
Outcome of the Event	Students got awareness about donating eyes

YOUTH RED CROSS ACTIVITIES REPORT

Name of the Activity	Orientation Programme about YRC
Date and Time	16/07/2018 & 10:00 am to 12:30 pm.
Organizing unit/ collaborating agency	YOUTH RED CROSS
Venue	PERI Institute of Technology
Details of Participants	60 students
Report of the Activity	The orientation programme for the Youth Red Cross was held on 16.07.2018 at the Conference Hall in the college campus. The Chief guest Mr. Manikam was formally welcomed by the program officer. The dignitaries present on the occasion were Dr. Palson Kennedy, Principal, PERI IT and Mr. Magesh, Vice Principal, PERI IT. The chief guest explained the students about Youth Red Cross for its humanitarian commitment. Young volunteers can make a significant contribution to meeting the needs of the most vulnerable people within their local communities through Red Cross youth programme. This has been designed to involve young people as much as possible in the movement. The students are motivated to serve the society through YRC activities.
Outcome of the Event	Students got awareness about YRC and its service to the society

NSS ACTIVITIES REPORT

Name of the Activity	World Environment Day
Date and Time	05/06/2018 & 09:00 am to 12:00 pm
Organizing unit/ collaborating agency	National Service Scheme
Venue	Peri Institute of Technology
Details of Participants	35 students
Report of the Activity	PERI Institute of Technology has organized World Environment Day on 05th June, 2018. The theme for 2018 was "Beat Plastic Pollution". The event was started by 09.00 a.m. The students have created the posters about World environment day and those posters were displayed in the conference hall. It is celebrated all over the world to protect the environment. Green house emissions, air pollution, plastic wastes are threatening the world. By 2040, air pollution might increase 50 percentages beyond the safe zone. It is a great threat to the environment. It is the duty of the students to save the environment. Students took oath that they will stop using the plastics and they will give awareness about the danger that the world is going to witness.
Outcome of the Event	Students knew the importance of planting saplings and clean environment.
