#### About ARM CORTEX-M4- Cypress FM4 board

Millions of engineers and scientists worldwide use ARM boards to accelerate new SoC design. Arm boards deliver an optimal solution in terms of speed, accuracy, flexibility and cost. Cypress's FM4 is a 32-bit, general-purpose, high performance microcontrollers based on the Arm® Cortex-M4 processor with FPU and DSP functionality. The board support a diverse set of on-chip peripherals for motor control, factory automation and home appliance applications.

#### Who shall attend?

Academicians/Researchers who are interested to work in the field of Signal processing and Microcontrollers will greatly benefit from the program. This session provides hands-on training in ARM board and Keil software for signal and audio processing.

#### PROGRAMME SCHEDULE

|      |                                                                                              |
|------|----------------------------------------------------------------------------------------------|
| Day1 | Introduction to Keil Platform, CMSIS Arm Cortex M4 Processor and Overview of FM4 Starter Kit |
| Day2 | Signal generation with FM4 Kit, Sampling, Reconstruction and Aliasing with hands on lab      |
| Day3 | FIR Filter design, hands on design with FM4 Kit                                              |

## **Faculty Development Programme Report of PERIIT (2018-19)**

In the academic year 2018-19, PERIIT faculty and staff participated in 92 Faculty Development Programmes (FDPs), Management Development Programmes (MDPs), and professional training sessions aimed at enhancing both teaching and administrative capabilities. These programs focused on key areas such as technological training, where participants gained skills in AI, data analytics, and e-learning platforms to improve both in-person and online teaching. Additionally, innovative teaching methods like active learning, flipped classrooms, and outcome-based education were introduced to foster better student engagement. Non-teaching staff benefited from sessions on leadership and administration, including strategic decision-making, resource management, and ERP system integration to streamline operations. These initiatives collectively enhanced the quality of education and administrative efficiency at PERIIT.

# ANNUAL REPORT

## ACADEMIC YEAR 2018 -2019

09/08/2019

It is with great pride that I present the Annual Report for the academic year 2018-19 of PERI Institute of Technology (PERIIT). This year has been one of growth, adaptability, and resilience as we navigated the challenges faced in the educational landscape. Our focus on providing quality education, fostering research, and promoting student development has been instrumental in achieving notable milestones.

This report encapsulates the key accomplishments and initiatives undertaken during the academic year, reflecting our commitment to academic excellence, research, community engagement, and industry collaboration.

### Academic Performance

The academic performance of our students remains a cornerstone of our mission at PERIIT, and this year was no exception.

- **Percentage of Students Passed Out:** The pass percentage for the academic year stood at **58.77%**. While this reflects the challenges faced by students in their academic pursuits, we recognize the need for continuous improvement in our academic support systems and strategies to enhance student performance.
- **Percentage of Admissions:** The institute achieved an admission rate of **38.57%** for the 2018-19 academic year. This figure indicates the competitive nature of the current educational landscape, and we are committed to enhancing our outreach efforts to attract more students in the future.

### Research and Faculty Development

PERIIT emphasizes the importance of research and professional development as integral components of academic excellence.

- **Research and Publications:** During the academic year, our faculty produced **13 research publications**, contributing to various national and international journals. This reflects our commitment to fostering a culture of inquiry and innovation among our faculty members.
- **Faculty Development Programs (FDPs) and Workshops:** Faculty members attended **92 Faculty development Programmes (FDP), Management Development Programmes (MDPs) professional development /administrative training programs** during the year. These programs aimed to enhance pedagogical skills and keep our faculty abreast of the latest developments in their respective fields, thereby enriching the learning experience for our students.
- **Conferences and Symposiums:** PERIIT successfully organized **2 conferences/symposiums**, which provided platforms for intellectual discourse and knowledge exchange among academia and industry professionals. These events facilitated collaborative research and networking opportunities for faculty and students.

### Co-curricular and Extra-curricular Achievements

We believe that holistic development goes beyond academics, and we encourage our students to engage in various co-curricular and extra-curricular activities.

- **Sports Achievements:** Our students achieved **6 notable sports accomplishments** this year, showcasing their talents and determination in athletics and other sports disciplines. These achievements highlight our commitment to fostering a balanced approach to education.
- **Number of Events Organized:** The institute organized **1 significant event** during the academic year, focused on enhancing student engagement and skill development. This event provided an opportunity for students to showcase their talents and interact with peers and industry representatives.

---

#### **Outreach Activities and Social Responsibility**

At PERIIT, we understand the importance of giving back to society, and our outreach initiatives reflect this commitment.

- **Number of Outreach Activities:** The institute conducted **2 outreach activities** during the year, aimed at community engagement and awareness. These initiatives provided our students with opportunities to develop their leadership skills while making a positive impact on society.

---

#### **Industry Collaborations and MOUs**

Building strong relationships with industry partners is essential for bridging the gap between academic learning and real-world applications.

- **MOUs Signed:** PERIIT signed **1 Memorandum of Understanding (MOU)** with a prominent industry partner this year. This collaboration is expected to enhance internship opportunities, joint research projects, and skill development initiatives for our students.

---

#### **Future Directions and Strategic Goals**

As we reflect on the achievements of 2018-19, we recognize the areas that require further attention and improvement. Our strategic goals for the upcoming academic year include:

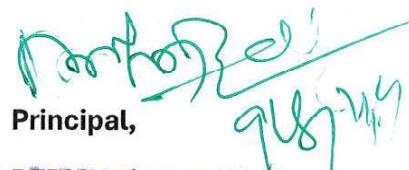

1. **Enhancing Academic Performance:** We aim to implement targeted academic support programs to improve student performance and increase the pass percentage.
2. **Strengthening Industry Collaborations:** We will focus on establishing more partnerships with industry leaders to create a robust network for internships and job placements.
3. **Promoting Holistic Development:** We will continue to enhance our co-curricular and extra-curricular offerings, ensuring that students have ample opportunities to develop skills outside of the classroom.

## Conclusion

The academic year 2018-19 has presented both challenges and opportunities for PERIIT. Our students and faculty have shown remarkable resilience, and we have made significant strides toward achieving our institutional goals. I extend my heartfelt gratitude to our faculty, staff, students, and industry partners for their contributions to making this year a success.

As we move forward, PERIIT remains dedicated to its mission of providing high-quality education, fostering innovation, and making meaningful contributions to society. Together, we will continue to pave the way for future generations of leaders and professionals.
